CocoWave Pendulum Swing

KOMPAN[®]
Let's play

The size and appearance of the Robinia Cocowave Pendulum Swing is an irresistible invitation for all children to play. With its robust, oblong coconut rope, the Robinia Cocowave Pendulum Swing allows for swinging from a seated, lying or standing position. The thrill of swinging ? mildly or wildly ? is for bigger groups, of different sizes, ages and physical abilities. It takes teamwork to make the swing move, and this stimulates important social-motional skills. Apart from being fun, swinging on the Coco-wave swing also trains muscles and important motor skills, such as balance, coordination and sense of space. These are important to train vestibular skills that matter profoundly for e.g. navigating traffic safely. The tickling, challenging feeling of speed and height stimulates children's self-esteem, risk management and other important social-emotional life skills.

Product Line	Organic Robinia
Category	Traditional play, Sand and water play
Age group	6 - 12
Max. fall height (CM)	192
Total height (CM)	384
Safety Zone	20.1 m ²
